MISSION STATEMENT

MISSION STATEMENT

MISSION STATEMENT

MISSION STATEMENT

To support our valued customer in increasing the efficiency of power generation, transmission and distribution. We design, build and service electrical distribution products that meet the highest international standards.

We believe in our workforce, and strongly encourage their continuous pursuit for perfection through training, innovation and product development. We are also committed to meet the objectives of our business partners and invest in our community.

INTRODUCTION

Wahah Electric Supply Company of Saudi Arabia Ltd. (WESCOSA) was formed in 1976 to meet the growing needs of energy and power sector in the Kingdom of Saudi Arabia. WESCOSA has experienced substantial growth since its formation. The company now offers a wide-range of products designed and manufactured to meet the highest quality standards of the power generation and distribution industry.

At the beginning, WESCOSA's product line included only the assembly of switchboards, panel boards and accessories under a license agreement with Westinghouse Electric Corporation, USA. The demand of electrical equipment in Saudi Arabia has fast risen in the succeeding years, causing WESCOSA to diversify its product lines and started manufacturing NEMA VE-1 Electrical Cable Ladders, Cable Tray, and Cable Trunking & Supports.

The company has grown tremendously at an early stage of its operation. In 1979, WESCOSA started assembling oil filled transformers under a license agreement with Westinghouse Electric Corporation. Assembly of dry type transformer was added to WESCOSA products in 1983, again under a license agreement with Westinghouse.

It was in 1988 when a major turn of event took place in WESCOSA when Ali Zaid Al-Quraishi & Bros. Co. purchased the Westinghouse share making WESCOSA a fully owned subsidiary of Ali Zaid Al-Quraishi & Bros. Co. and since then WESCOSA named as Wahah Electric Supply Company of Saudi Arabia Ltd., a 100% Saudi Arabian Company. Eventually, in the same year, Westinghouse sold its transformer division to a new owner, thereby ending its license agreement with WESCOSA. Since then, WESCOSA has continued manufacturing oil filled transformers of high quality standards independently. WESCOSA now hold its own type-test certifications.

The success-story has just begun; in early 1992, WESCOSA added Metal-Clad Vacuum Switchgear, under a technical license agreement with Powell Industries Inc. USA. In the same year, WESCOSA started manufacturing AMPGARD Medium Voltage Starters and Low Voltage Motor Control Centers (MCC's) series 2100 and DS Low Voltage Switchgear under a license agreement with Westinghouse Electric Corporation.

In the following year, UNIBUS Inc., of USA entered a license agreement with WESCOSA enabling the latter to start manufacturing Non-Segregated Busducts and in the same year, WESCOSA started producing oil filled transformers of their own design for both ANSI and IEC standards.

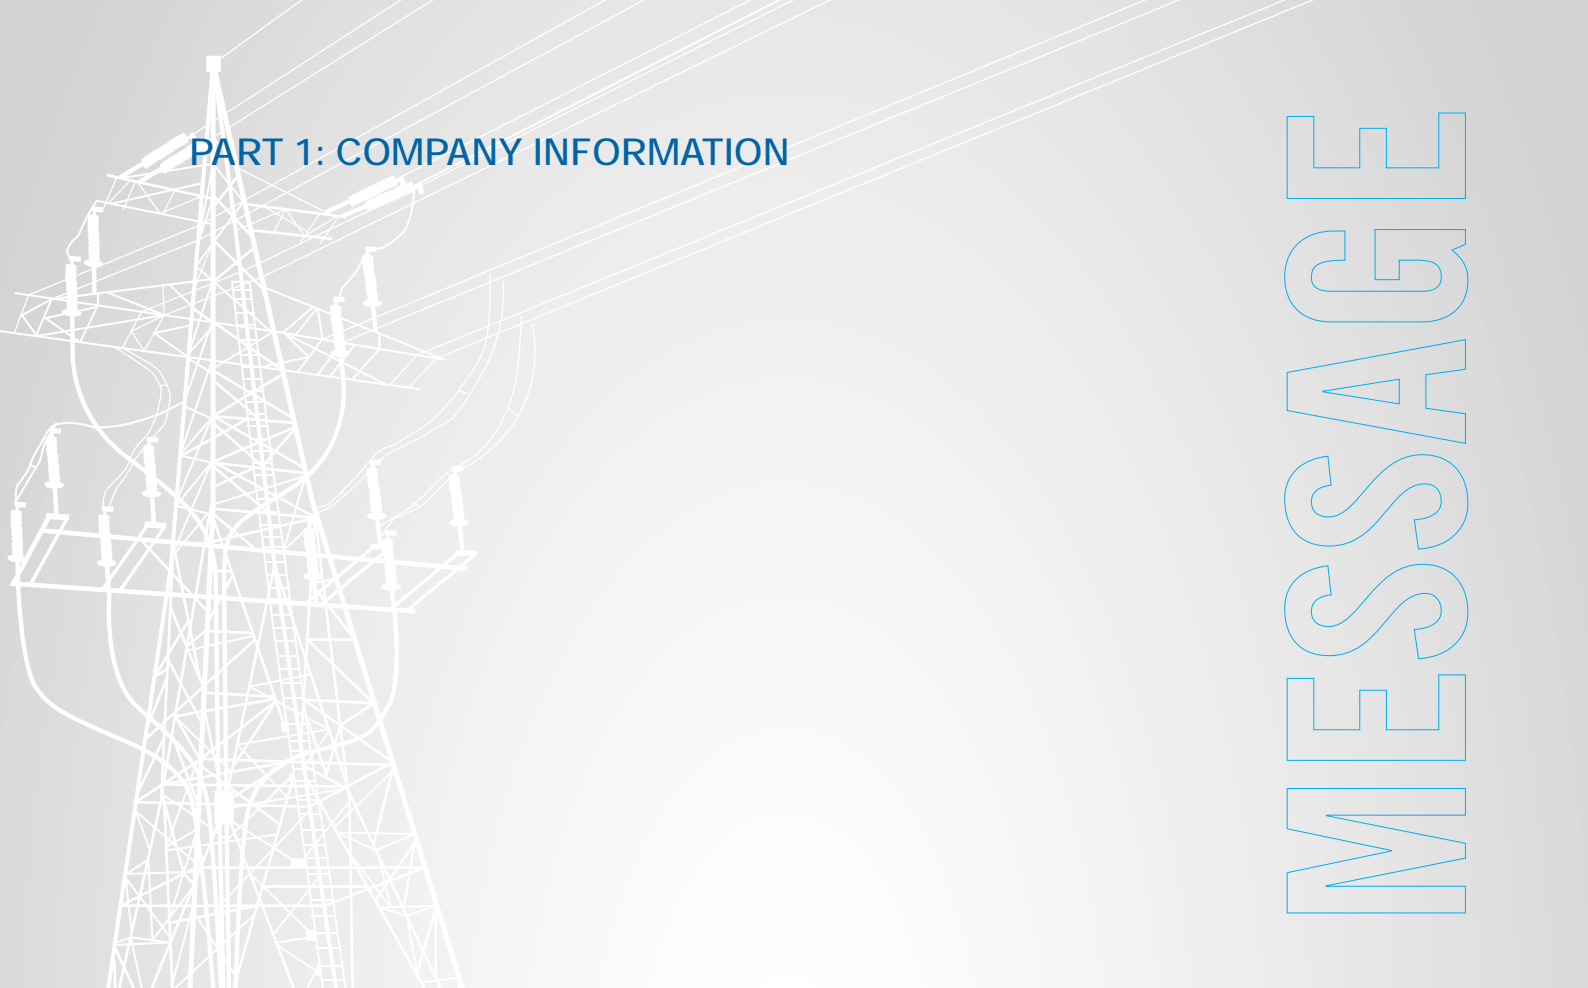

INTRODUCTION

The license agreements which WESCOSA had with Westinghouse were all extended by Eaton Corporation through its subsidiary, Cutler-Hammer. In early 2000, C-H and WESCOSA enhanced their cooperation by replacing the former license agreement with a Strategic OEM Alliance Agreement.

In 1995, a large-scale concentration on service activities like Repairs, Testing, Installation, Commissioning, Refurbishment, Advisory and Consultancy Services was initiated. Also, 1995 marks the commencement of manufacturing Switchracks to NEMA, UL, CSA and FM standards and NEC requirements, which are suitable for outdoor applications in desert environment, corrosive environment and in hazardous locations. All enclosures are labeled with NEMA4*4X compliance labels approved by independent laboratories.

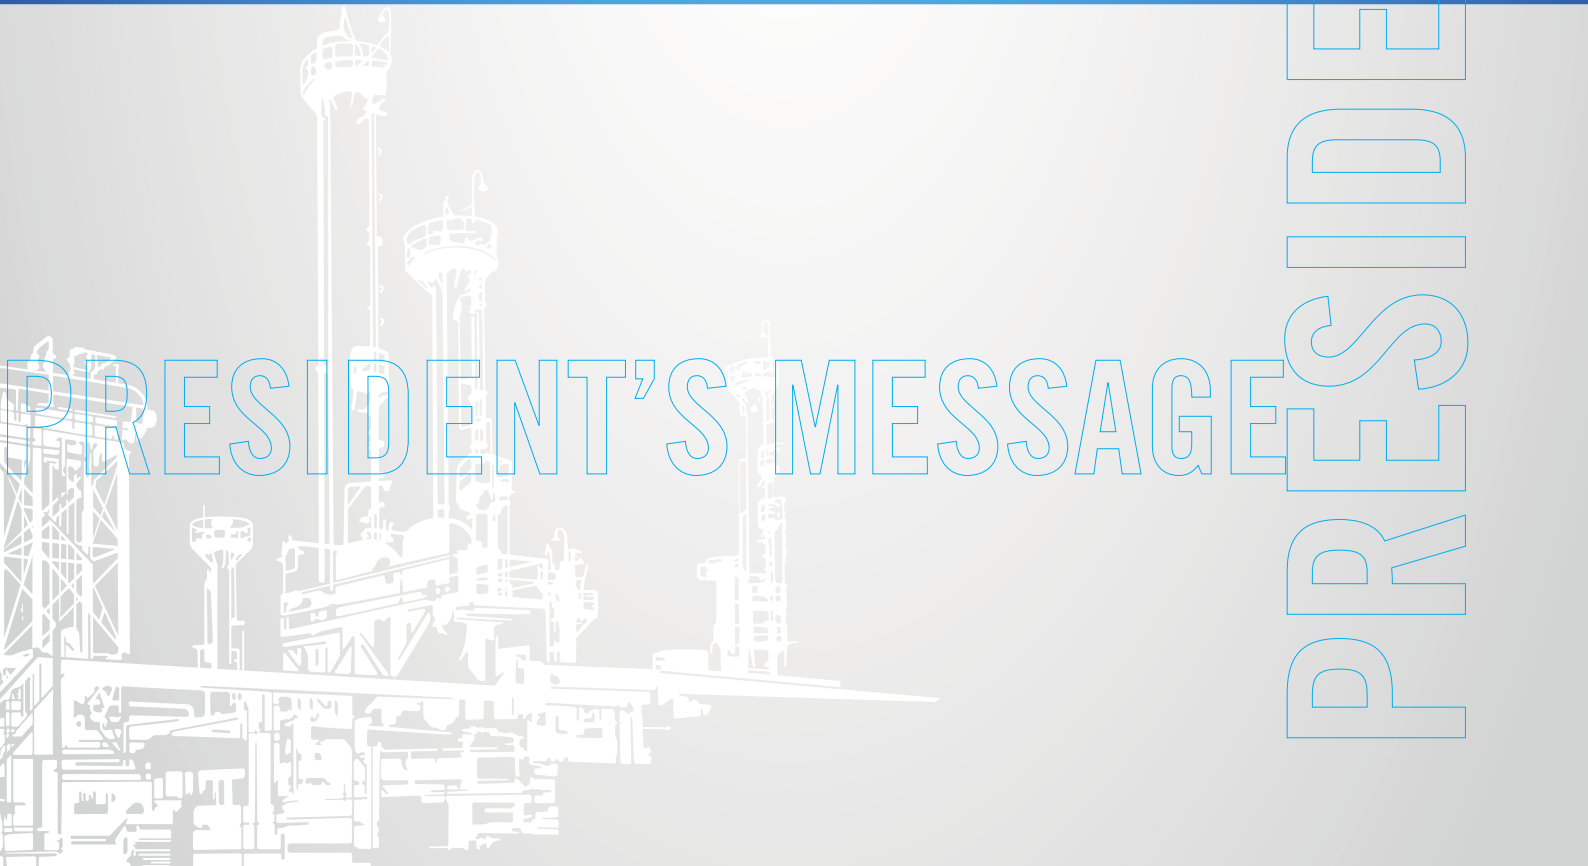

Saudi Arabia, being known as the number one oil producing country in the world, had booming projects in the petrochemical and power industries. This prospective was never neglected by WESCOSA. In 1996, WESCOSA started manufacturing Power Transformers and continued to grow and acquire higher ratings as it progressed. Nowadays, WESCOSA manufactures transformers up to 20MVA under the technical support agreement with CG-Belgium Transformers. Along with the newly acquired products such as IEC LV Switchgear/control gear with Hensel, Relay and Control Panel, Synchronizing Panel and Instrument Cabinets, WESCOSA is now considerably a one-stop-shop of your electrical needs.

MESSAGE

PRESIDENT'S MESSAGE

PRESIDENT'S MESSAGE

PRESIDENT'S MESSAGE

PRESIDENT'S MESSAGE

WESCOSA is a renowned pioneer manufacturer of a wide range of electrical distribution products, such as Distribution Transformers, Power Transformers, Low and Medium Voltage Switchgear and Motor Control Centers (MCC), Cable Management System and other electrical distribution products.

WESCOSA has achieved remarkable success and growth since its inception. Throughout its evolution, WESCOSA's commitment has been focused on customer satisfaction and the quality of its products and services. Utility companies in the Kingdom, Saudi Aramco and other International contractors recognize and prefer WESCOSA for its certified quality, the technical developments achieved in collaboration with its licensing companies and WESCOSA's ability to supply almost all electrical distribution products needed for their projects as well as the testing, commissioning and field servicing capability as an advantage in carrying out prestigious projects in the Kingdom.

A full-fledged quality management program in line with ISO 9000 standards enhances the strict quality control implementation on all products.

PRODUCT INFORMATION

PRODUCT LIST

TRANSFORMER BUSINESS UNIT

- Three Phase Distribution Equipment conforming to IEC 76 and ANSI standards including Pole and Pad Mounted Transformers.
- Three Phase Power Transformers confirming to IEC-76 and ANSI-C57 standards up to 20MVA, ONAN with voltage up to 69kV.
- Pad Mounted Transformers compartmental type conforming to ANSI-C57 standards up to 2500 kVA with voltage up to 34.5kV.
- Unit Substation (Package & Compact Substation) up to 1600kVA in 15kV class which consists of Transformer, Panel and Switchgear (RMU).
- Low Voltage Dry Type Transformers up to 500kVA with voltage up to 480V.
- Stainless Steel Transformers up to 2600kVA.
- Multi-tap Transformers with a wide range of taps up to 24 pulse Transformer.

SWITCHGEAR BUSINESS UNIT

- Low Voltage Switchgear NEMA / ANSI standards
- Low Voltage Metal Enclosed Switchgear IEC standards
- Low Voltage Motor Control Center NEMA / ANSI standards
- Low Voltage Motor Control Center IEC standards
- Medium Voltage Switchgear up to 17.5kV, 3600A, 40kA conforming to IEC standards.
- Medium Voltage Indoor Metal-Clad Switchgear up to 34.5kV conforming to ANSI/IEEE/IEC standards.
- Arc Resistant Medium Voltage Indoor Metal-Clad Switchgear up to 34.5kV conforming to ANSI/IEEE/IEC standards.
- Medium Voltage Indoor Metal-Enclosed Motor Controllers up to 5kV with Fixed Mounted Contactors compliant to ANSI/IEEE/IEC standards.
- Medium Voltage Indoor Metal-Enclosed Motor Controllers up to 5kV with Draw-out Contactors conforming to ANSI/IEEE/IEC standards.
- Annunciator, Automatic Metering and Interposing Relay Panels
- Protection Panels (Line, Transformers, Capacitor Bank and Breaker Fail)
- Synchronizing Panel
- Switchracks and Rack Panels
- Distribution Panelboards
- Low Voltage and Medium Voltage (Indoor and Outdoor) Non-segregated / Segregated Busduct rated up to 34.5kV and up to 5000 Amperes conforming to ANSI/IEEE standards.
- Low Voltage and Medium Voltage (Indoor and Outdoor) Cable Bus rated up to 34.5kV and up to 5000 Amperes conforming to ANSI/IEEE standards.
- Control Panels, Enclosed Circuit Breakers and Transfer Switches
- Low Voltage Switchboards
- Medium Voltage Power Factor Capacitor Banks up to 13.8kV.
- Power System Automation Supply, testing and commissioning incorporating level 1, 2 and 3.
- Load Shedding Protection Panel
- Breaker Remote Control Panel (Conventional / Intelligent)
- Remote Tap Changer Control (RTCC) and Automatic Voltage Control (ATC) Panels
- Automatic Bus Transfer Scheme Panels (ABTS)
- Automatic Capacitor Control Panels (ACCS)
- Data Retrieval Panels (DRP)
- Marshaling Cabinets

WESCOSA INDUSTRIAL SERVICES DIVISION

WESCOSA Industrial Field Services for Electrical Power Systems:

- Installation, testing, pre-commissioning and commissioning.
- Repair, supervision, replacement, retrofitting, upgrading as well as design modification and engineering support.
- Transformer oil filling, processing and filtration on-site for all types of new and old oil filled transformers.
- Maintenance, Preventive maintenance, refurbishment and re-conditioning.
- Relay setting and coordination using ETAP.
- Spare parts component supply.
- High-voltage system testing such as Gas Insulated Switchgear (GIS) and HV cables up to 380 kV.
- Electromechanical Installation Contracting works (LSTK).

PART 2: PRODUCT INFORMATION

WESCOSA Industrial Services cover various Electrical Equipment and Power Systems including:

- HV, MV and LV Switchgear.
- Motor Control Centers (MCC's).
- Distribution Transformers, Power Transformers and Substations.
- LV, MV and HV circuit breakers.
- Cable Bus and Busduct
- SF6, Oil Switches and Ring Main Units.
- Switchboards, Panel Boards and Controls Panels.
- All types of Relays.
- Gas Insulated Switchgear (GIS).
- HV cables.

Calibration and Instrumentation Services of Electrical and Test Equipment:

ELECTRICAL:	
• Oil Test Set	• Relay Test Set
• HV Insulation Testers	• Primary Current Injectors
• Power Meters	• HV Transformer Test Set
• AC/DC Hipot Tester [0-200 kV]	• Power Factor Meters
• Energy Meters	• Megohmmeters
• Epstein Testers	

DIMENSIONAL:	
• Calipers	• Dial Indicators
• Micrometers	• Height/Depth Gauges
• Welding Gauges	• Go/No-Go Gauges
• Pin gauges	

ELECTRONICS:	
• Multimeters	• Simulators
• Resistance Box	• Capacitance Box
• Loop/Process Calibrators	• Multi-Function Calibrators
• Wheatstone Bridges	

TEMPERATURE:	
• Bi-Metal	• Recorders
• Switches	• Transmitters
• Controllers	• Thermocouples
• Digital Thermometers	• IR Thermometers
• Oil/Dry-Block	• Liquid-in-Glass Thermometers
• Calibrators	• RTD

FREQUENCY:	
• Timers	• Meters
• Oscilloscopes	• Universal Counters
• Signal/Function Generators	• Frequency Source

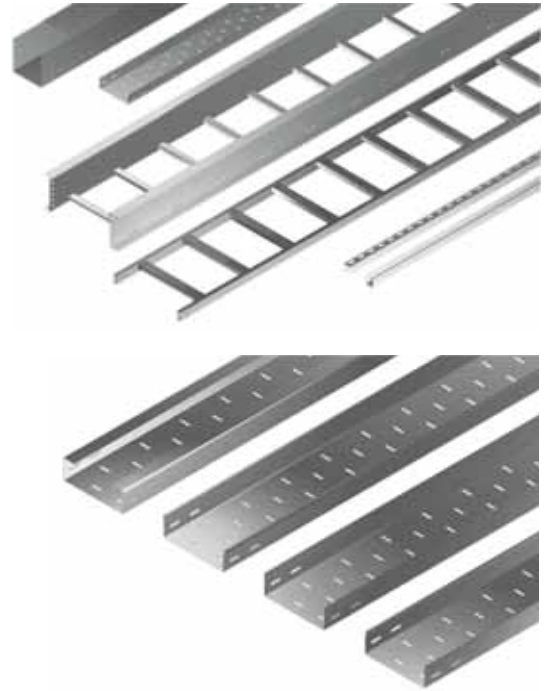

PRESSURE:	
• Controllers	• Relief Valve
• Manometers	• Transmitters
• Loop/Process Calibrators	• Multi-Function Calibrators
• I/P Converters	• Digital Indicators
• Pressure Switches	• Dead Weight Testers
• Transducer/Sensors	• Pneumatic/Hydraulic Calibrators
• Absolute/Vacuum/Gauge Pressures	

OTHERS:	
• Stroboscopes	• RH Meters
• Lux Meters	• Tachometers
• Data Loggers	• Vibration Meters
• Ovens and Chambers	• Welding Machine Validation
• Transformer Oil and Electrical Testing	
• Epstein Test for Magnetic Property of Silicone Steel Sheets	
• On-site Instrumentation	

FORCE/MASS:	
• Balances	• Gram Series
• Test Weights	• Torque Testers
• Torque Wrenches	• Push-Pull Gauges

CABLE MANAGEMENT SYSTEM

- WESCOSA is one of the leading manufacturers of Metallic Cable Trays in the Kingdom of Saudi Arabia and the MENA region (Middle East and North Africa).
- WESCOSA manufactures all types of Metallic Cable Management Systems (Ladder, Tray, Trough and Trunking), in addition to Support Systems (Strut Channel, Bracket and Fixation Accessories).
- WESCOSA Metallic Cable Tray is designed, manufactured and tested according to NEMA VE-1 and IEC 61537 Standards.
- WESCOSA Metallic Cable Tray can be supplied in different type of materials (aluminium alloy, HDG steel, SS304 and SS316) that have proven reliability in withstanding the climatic and corrosive conditions experienced within the MENA region (Middle East and North Africa).

TECHNICAL PARTNERS And ALLIANCES

Smart solutions.
Strong relationships.

CG POWER SOLUTIONS N.V. - BELGIUM

License Agreement:

- Power Transformers greater than 3150kVA up to 20MVA with voltage class up to 72.5kV.

Powering Business Worldwide

EATON ELECTRICAL - USA

Strategic OEM Manufacturing Program & Authorized Service Provider.

- Medium Voltage Ampgard Starters (Draw-out Contactor Type).
- Low Voltage Metal-Enclosed Switchgear.
- Low Voltage Control Center.
- Switchboard.
- Panelboard.
- Eaton Service Program, Retrofitting, Upgrading and Modification of Distribution Equipment.

Powered by Safety®

POWELL INDUSTRIES, INC - USA

License Agreement

- Medium Voltage Metal-Clad Vacuum Switchgear built to NEMA/ANSI standards and requirements.

UNIBUS,

UNIBUS INC. - USA

License Agreement:

- Low Voltage and Medium Voltage Segregated / Non-Segregated Phase Busducts.

"The Resistor Specialists"

POST GLOVER RESISTORS - USA

License Agreement:

- Neutral Grounding Resistors and High Resistance Grounding System.
